

PROFESSIONAL PROFILE

ICT professional and working digital trainer with 25+ years across Papua New Guinea's banking, mining, energy and corporate sectors — and an active second practice as a generative AI media specialist. I already do the job: I deliver hands-on Google Workspace training to PNG SMEs and government agencies, and I use large language models, AI video, image and voice tools daily in commercial production through my own companies.

That combination is rare — enterprise systems depth, proven adult-training delivery, and genuine day-to-day practice with the AI tools themselves rather than theory. I teach in English or Tok Pisin, design role-based curricula for non-technical learners, and measure success by what a participant can do back at their desk on Monday.

AI TRAINING & FACILITATION CAPABILITY

AI Literacy	LLM fundamentals, prompt engineering, hallucination & fact-verification discipline, safe and effective everyday use
Applied AI at Work	Document production, research, drafting, data summarisation, workflow automation, AI-assisted business strategy
Generative AI Media	Text-to-video, AI image synthesis, AI music composition, synthetic voiceover, script & storyboard pipelines
Productivity Platforms	Google Workspace — Gmail, Drive, Docs, Sheets, Meet, Calendar, Chat — delivered to SME and government teams
Responsible AI	Data privacy, disclosure, bias awareness, organisational AI acceptable-use guidance
Instructional Delivery	Role-based curricula, hands-on labs, bilingual delivery (English / Tok Pisin), train-the-trainer

PROFESSIONAL EXPERIENCE

Founder, Director & Digital Trainer | Muitech Digital · NGIX Joint Venture

Port Moresby, PNG | 2006 – Present

- Deliver hands-on **Google Workspace training** to PNG SMEs and government agencies — Gmail, Drive, Docs, Meet, Calendar and Chat — tailored to Pacific business contexts and to learners with limited prior digital exposure.
- Advanced practitioner of **Anthropic's Claude**: large language models applied to document production, prompt engineering, workflow automation and AI-assisted business strategy across the company's operations.
- Generative AI media direction** — text-to-video (Higgsfield Seedance, Cinema Studio, Kling), AI image synthesis (Banana Pro, GPT Image), AI music (Suno) and voiceover (ElevenLabs) for commercial, cultural and documentary storytelling.
- Built the business across five service areas: network infrastructure, digital marketing, multimedia production, consumer electronics and training; co-own the **NGIX ISP joint venture** with Telco Pacific and 2U Networks.
- Deploy and support MikroTik, Ubiquiti UniFi, VSAT/satellite and Starlink connectivity for business and community clients.

Founder & Executive Producer | Kreative Savages Limited

Port Moresby, PNG | 2013 – Present · PNG IPA Co. No. 1-109091

- Run an independent digital media production house — videography, photography, audio production, graphics design, digital marketing and brand campaigns.
- Script, storyboard, shoot and produce documentaries, television content, commercials and music videos; this commercial work is the proving ground for every AI technique taught.
- Selected credits: *Bilum Mama* (International Trade Congress-funded documentary, exclusive production rights); *Pom City* for Naka Blood — the first PNG music video to go viral online; *Kiri O* for Channel X Crew (Best Debut Song); episodes of the *Tanim Graun* TV series with Masalai Communication.
- Official photography for the Free West Papua Campaign flag-raising ceremonies (2015, 2016) and the Ela Motors 2015 Toyota Hilux launch; designed all PNG FM Music Awards plaques and certificates, 2003–2005.

Digital Marketing Manager | Kina Bank Limited

Port Moresby, PNG | Aug 2019 – Dec 2020

- Owned website and social media administration, conversion-rate optimisation, analytics and digital product development for a major PNG commercial bank.

ICT Engineer | Eda Ranu — Sewage Treatment Plant*Port Moresby, PNG | May 2018 – Aug 2019*

- Telemetry network monitoring, SCADA firmware upgrades and Windows Server 2008 domain administration for critical municipal water infrastructure.

Onsite ICT Coordinator | Simberi Gold Company Ltd (St Barbara)*New Ireland Province, PNG | Feb 2010 – Aug 2013*

- WAN administration for 2,000+ users across remote mine operations; Exchange 2007, VMware and Cisco network devices.
- Led a 32 km fibre optic upgrade and SCADA/PLC cabling across the site.

Senior Network Administrator | Bank South Pacific (BSP)*PNG, Fiji & Solomon Islands | Jul 2007 – Feb 2010*

- Administered the regional WAN across three countries: 14+ domain controllers, 60 member servers and 2,000+ workstations.
- Managed Exchange 2003 and installed the bank's SMS Banking server.

IT Specialist | Metals Refining Operations*PNG | May 2006 – Jul 2007*

- Windows 2003 LAN administration; implemented Sage ACCPAC ERP 500; authored disaster recovery and business continuity plans.

IT Systems Support — PNG & Solomon Islands | Shell (PNG) Ltd*Port Moresby, PNG | Mar 2003 – May 2006*

- LAN/WAN support and maintenance, Active Directory, JD Edwards / AS400; ran quarterly DRP/BCP testing across the two-country network cluster.

IT Systems Support | Rural Development Bank*PNG | Feb 1999 – Mar 2002*

- User support, hardware and software installation; installed the bank's first Local Area Network.

EDUCATION & CERTIFICATIONS
